BRIEF DESCRIPTION

Barley grass is the young, leafy growth of Barley and since the early Twentieth century it has been used as a high-nutrition food thanks to the broad range of vitamins and minerals it provides. Barley grass powder is produced with minimal processing. Barley is grown until the young leaves of the plant are in their most nutritionally rich and fertile phase. It is then harvested, cleaned, dried and milled into a fine powder. Our barley grass is grown on the fertile Canterbury plains in New Zealand.

INGREDIENTS

100% Organic Barley Grass

SUGGESTED USE

3-5g per day. Please consult your doctor before taking any nutrient-dense products. PRODUCTION

PROCESS

Raw material – Washing – Drying – packing - Metal Detection - Dispatch

SHELF LIFE & STORAGE

3 years from date of manufacture. Store in a cool and dry place.

AUTHORISED HEALTH BENEFITS BASED ON MICRONUTRIENTS

Micronutrients in Organic Barley Grass Powder (New Zealand) contribute to:

normal iron metabolism	normal function of skin
maintenance of normal mucous membranes	normal function of teeth
maintenance of normal skin	normal energy-yielding metabolism
maintenance of normal vision	normal functioning of the nervous system
normal function of the immune system	normal psychological function
process of cell specialisation	protection of cells from oxidative stress

normal function of cartilage	increases iron absorption
normal function of gums	

These approved health benefits are based on the detailed nutritional composition of the product we supply for informational purpose only and are in compliance with regulation (EC) No 1924/2006. These health benefits may not be applicable to similar products from other suppliers.

ALLERGEN STATEMENT

We hereby certify that Barley grass powder sold by VehGro b.v. does not contain any substances causing allergies or intolerances as ingredients. The list of allergens which are likely to cause adverse reactions in susceptible individuals is provided in Annex II of Regulation (EU) No 1169/2011. Please note that this statement is based on the information provided by the manufacturer of the product.

AUTHENTICITY

Organic Barley Grass Powder (NZ) is 100% natural and do not contain any additives such as sugars, acids, colorants, preservatives, etc.

GMO FREE

Organic Barley Grass Powder (NZ) is not subject to genetic modifications. Process controls are in place to ensure no accidental contamination with genetically modified materials, or materials derived thereafter, can occur. We hereby certify that Organic Barley Grass Powder (NZ) is not subject to labelling under EU Regulations 1829/2003/EC and 1830/2003/EC on genetically modified food and feed.

PESTICIDES

Organic Barley Grass Powder complies with the requirements outlined in Council Regulation (EC) No. 834/2007 (and consecutive amendments). During the manufacturing process the product and the packaging materials are not exposed to pesticides or pesticide residues. Pesticides are not stored on site, nor used in the manufacturing or warehousing areas.

IRRADIATION

The product has not been irradiated and complies with the EU regulation 1999/3/EC.

BSE STATEMENT

Organic Barley Grass Powder (NZ) is produced exclusively from plant source, and do not contain any components from animal origin. It has not been derived from any animal source, and has not come into contact with any components of animal origin.

RESIDUAL SOLVENTS

No residual solvents are used in the manufacturing process.

LEVEL OF UNDESIRABLE SUBSTANCES

The strictly controlled production process of Organic Barley Grass Powder (NZ) ensures that the undesirable substances levels (heavy metals, PAH, mycotoxins, etc.) are below the limits identified by EU legislation (Commission regulation No 2073/2005, No 1881/2006 and consecutive amendments), including the recommendations provided by EFSA on food contaminants.

ANIMAL TESTING STATEMENT

VehGro b.v. confirms that we do not conduct or commission animal testing of any products.

OTHER INFORMATION

The information contained herein is based on the present state of our knowledge and is intended to describe our product from the point of safety requirements. It should not therefore be construed as guaranteeing specific properties.

The nutritional information provided in this document is based on nutritional testing and on average, as required by regulation (EC) No 1169/2011. The information is not meant to ensure warranty of characteristics. It comes without commitment and is not valid for any claim of warranty and product liability respectively.
